number of the native Hawaiians appreciate fully what it is to be an American citizen.

Sentimentality, mawkish or other, appeals only to their lower instincts. When an appeal is made to their manhood, the Hawaiians are capable of understanding it and responding. They have in them the making of American citizens of the type of which none need be ashamed.

SICK PEOPLE ARE TURNED AWAY

DR. WAYSON MAKES A SENSATIONAL CHARGE AGAINST THE QUEEN'S HOSPITAL.

The Board of Health is preparing to make some move to force the Queen's Hospital to take charge of tuberculosis or other contagious cases of disease, for which there is no other local provision. According to statements made at the meeting of the Board yesterday, sick people, even women, have been turned away from the hospital on dark nights, because of a regulation that certain kinds of cases shall not be received. Dr. Wayson said such actions were inhuman, and that the hospital should take whatever cases were sent, under the subsidy it receives through the Board. He was appointed a committee of one to confer with the attorney general about the matter.

The discussion was aroused by the following letter, answering a request from President Plinkham that the patients be received:

"I am directed to acknowledge receipt of your letter of the 31st ult., addressed to the Trustees of the Queen's Hospital, and to state, in reply, that the subject matter thereof has had the careful consideration both of the Executive Committee and of the Trustees as a whole.

"The Trustees appreciate fully your position in this matter and readily see the necessity for an institution such as you suggest, and find nothing discourteous in your proposition, but, very naturally, consider everything from their standpoint as guardians of the Hospital and of the patients and inmates thereof.

"In their opinion the locating on the grounds of the Queen's Hospital of such an institution would be a menace to the Hospital and would have an injurious effect upon its special sphere of work in this community.

"A possible infection of the wards and patients in the main building must necessarily be taken into consideration

MATSON BUYS A NEW BOAT.

As was first announced by The Star over a month ago, Captain William Matson of the Matson line has purchased a large vessel in the east for service on the Hilo-San Francisco run. The vessel has a capacity of 4,000 tons. She is being overhauled at the Newport News shipbuilding yard. Captain Matson will also award a contract for a new vessel.

and, also, the fact that the attendance of the superintendent, nurses and the Hospital staff would be necessitated. "In their judgment, therefore, the Trustees do not feel that they can assume the risk proposed.

"I am further directed by the Trustees, to convey to you their assurance of hearty goodwill and regret that they cannot see their way to carrying out your suggestion.

"Yours very truly,

"GEO. W. SMITH,

"Secretary Queen's Hospital."

Deputy Attorney General E. C. Peters attended the Board of Health meeting yesterday for the first time, as an ex-officio member. As he was engaged in the Supreme Court he did not remain except to pay his respects and offer his legal services.

The resignation of sheriff Waimau of Kalawao was accepted and J. K. Kikui was appointed to succeed him, on recommendation of Superintendent McVeigh of the Leper Settlement. Waimau has been sheriff for a long time.

NANCE O'NEIL IN BOSTON

Nance O'Neil gave at the Columbia Theatre last night the first production in English of a play by Herman Suderman entitled "The Fires of St. John." This remarkably talented young actress has quickly won the recognition and admiration of Bostonians who appreciate intelligent endeavors in the higher fields of dramatic art, and an audience of literary and social distinction expressed approval of her acting last evening in the most enthusiastic manner. Miss O'Neil's impersonation of the strangely complex character drawn by Suderman was really a triumph of dramatic art. It was as unaffectedly natural and as convincingly real as such an abnormal character could possibly be made to appear. There are many moments when "Marie" is subordinated by her surroundings, but Miss O'Neil's art and personality always concentrated the interest and attention of the audience. It is a wonderful gift—this power of holding attention in moments of inaction, and Miss O'Neil possesses it to a greater degree than any other English speaking actress.—The Boston Globe, January 2, 1904.

LAHAINA LOCALS.

It is expected that the Pioneer Mill will commence grinding at the end of this month, or nearly in December. Among the improvements at the mill are four new boilers from 16 to 18 feet in length.

Robert E. Ford, assistant engineer at the mill for several years, died in a hospital recently of typhoid fever. He was born in Iowa, 37 years ago and resided in California before he came to Lahaina. The burial took place at Hilo under the direction of the Order of Odd Fellows. His widow is the manager of the Lahaina emporium.

SUCCESSFUL BAZAAR.

WAILUKU, November 22.—The bazaar given by the Ladies Guild of the Protestant Episcopal Church in Wailuku at the K. P. Hall last Saturday evening, was a financial success the total receipts aggregating in the neighborhood of \$500. The concert provided was also thoroughly enjoyed by the large number of people present, who had come from all parts of Central Maui, trains running from all points of the Kahului Railroad Co., even as far as Kihui.

GAS RANGE COOKING...

How to be Economical

"Be thoughtful. There are so many little ways of saving gas, and just as many ways to waste it. Follow these three simple rules, which cover almost the entire question of economy:

1. Never light the gas until everything is ready.
2. Never use a stronger flame than is necessary.
3. Turn out the gas the instant cooking is finished.
